Date (L): Saturday 28 November 2020

Brief Time (L): 0615

Briefing Number: 11-22

FCSTR: John Meyer

REGIONAL SUMMARY

With low pressure moving away, winds will once again be rather light all the way up the column, with just a mild northwest flow coming down McMurdo Sound. Skies will remain mostly clear, with unrestricted visibility at all locations. The airfield region has morning fog again, but this will burn off later in the morning and won't inhibit helo ops today.
