MCMURDO WEATHER FORECAST INFORMATION

**THIS INFORMATION IS FOR OFFICIAL USE ONLY
AND IS LIMITED TO ACTIVITIES SPONSORED OR RECOGNIZED
BY THE UNITED STATES ANTARCTIC PROGRAM**

REGIONAL WEATHER SUMMARY

Be sure to include cloudy, windy, and snowy in all your plans for today, after which we should be able to say farewell to all three for at least a little while. A low to our northeast is expected to crowd us a bit today, dropping snow and kicking up gusts here on Ross Island before continuing its eastward trek out of our lives.

Today
7 May

Tonight

Tomorrow
8 May
