MCMURDO WEATHER FORECAST INFORMATION

**THIS INFORMATION IS FOR OFFICIAL USE ONLY
AND IS LIMITED TO ACTIVITIES SPONSORED OR RECOGNIZED
BY THE UNITED STATES ANTARCTIC PROGRAM**

REGIONAL WEATHER SUMMARY

Another windy day, thanks to a low center that, while remaining well to the northeast, still exerts its influence on the Ross Island area. There will be a slight decrease overnight, only for the winds to get going again. We'll also be flirting with 0°C/32°F, potentially first above freezing temperature?!?!

Today
4 December

Tonight

Tomorrow
5 December
