MCMURDO DAILY WEATHER FORECAST

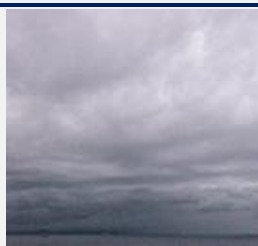

This information is for official use only and is limited to activities sponsored or recognized by the United States Antarctic Program.

REGIONAL WEATHER SUMMARY

Oi bruv it's chewsday innit? Got low pressure to the east and ridging building over the Ross Sea. No big changes to the forecast, just clouds moving in and out for the next few days and winds having brief gusting periods. Temps are trying to creep up over the next few days. God save the transition.
