PALMER STATION WEATHER FORECAST INFORMATION

**THIS INFORMATION IS FOR OFFICIAL USE ONLY
AND IS LIMITED TO ACTIVITIES SPONSORED OR RECOGNIZED
BY THE UNITED STATES ANTARCTIC PROGRAM**

REGIONAL WEATHER SUMMARY

A broad low pressure system will remain along the west coast of the Antarctic Peninsula this weekend. Though this system will continue to gradually weaken, multiple weather disturbances will rotate around this broader low, combining with moisture to produce periods of precipitation.

Today
12-Dec

Tonight

Tomorrow
13-Dec
