PALMER STATION WEATHER FORECAST INFORMATION

**THIS INFORMATION IS FOR OFFICIAL USE ONLY
AND IS LIMITED TO ACTIVITIES SPONSORED OR RECOGNIZED
BY THE UNITED STATES ANTARCTIC PROGRAM**

REGIONAL WEATHER SUMMARY

High pressure building in from the west bringing brisk southwesterly flow with fog and periods of light snow today and tonight. Expect scattering skies with unrestricted visibility by afternoon tomorrow as the axis of high pressure slides east and low pressure traversing Drake's Passage brings a dry, east-southeasterly flow...

Today
28 December
