## PALMER STATION WEATHER FORECAST INFORMATION

**THIS INFORMATION IS FOR OFFICIAL USE ONLY  
AND IS LIMITED TO ACTIVITIES SPONSORED OR RECOGNIZED  
BY THE UNITED STATES ANTARCTIC PROGRAM**

### REGIONAL WEATHER SUMMARY

With an upper level low camped over the western Eights Coast, and the jet stream meandering over the Palmer Peninsula, Palmer Station will remain in unsettled weather for the next 36-48 hours. Waves of strong gusty winds and occasionally heavy precipitation and fog will be interspersed with brief lulls throughout the period. Temperatures are cooling just enough that snow should be the predominant form of precipitation.
