PALMER STATION WEATHER FORECAST INFORMATION

**THIS INFORMATION IS FOR OFFICIAL USE ONLY
AND IS LIMITED TO ACTIVITIES SPONSORED OR RECOGNIZED
BY THE UNITED STATES ANTARCTIC PROGRAM**

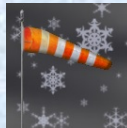

REGIONAL WEATHER SUMMARY

Low pressure out to the west of the Bellingshausen Sea will bring several waves of precipitation into the area over the next couple of days. Expect gusty winds throughout most of the period, with the strongest winds this morning. Periods of snow and blowing snow will also cause reduced visibilities throughout a good portion of the forecast period as well.

Today
21 September

Tonight

Tomorrow
22 September
