Thursday, 30 September 2021 PALMER STATION WEATHER FORECAST INFORMATION

THIS INFORMATION IS FOR OFFICIAL USE ONLY AND IS LIMITED TO ACTIVITIES SPONSORED OR RECOGNIZED BY THE UNITED STATES ANTARCTIC PROGRAM

REGIONAL WEATHER SUMMARY

Don't be lulled into a false sense of security by the diminishing winds and snow today. Later tonight, the next wave of this low pressure system moves in with gusty winds bringing more snow, sleet, blowing snow, and mist. Things will begin to calm down again tomorrow evening, but the next wave is already lining up right behind tonight's wave.

Today 30 September **Tonight**

Tomorrow 1 October

Sky: Cloudy
