PALMER STATION WEATHER FORECAST INFORMATION

**THIS INFORMATION IS FOR OFFICIAL USE ONLY
AND IS LIMITED TO ACTIVITIES SPONSORED OR RECOGNIZED
BY THE UNITED STATES ANTARCTIC PROGRAM**

REGIONAL WEATHER SUMMARY

A weakening front will approach the Antarctic Peninsula today, accompanied by windy conditions and periods of snow. The front will dissipate over the Peninsula this evening, leaving a broad and complex low pressure system across the Drake Passage and on either side of the Peninsula on Friday. Winds will diminish tonight, but periods of snow will persist.
