PALMER STATION WEATHER FORECAST INFORMATION

**THIS INFORMATION IS FOR OFFICIAL USE ONLY
AND IS LIMITED TO ACTIVITIES SPONSORED OR RECOGNIZED
BY THE UNITED STATES ANTARCTIC PROGRAM**

REGIONAL WEATHER SUMMARY

With low pressure parked in the Bellingshausen Sea, more winds, low clouds, and precipitation are in store for Anvers Island. Due to the warm temperatures, expect wet sleet to be the main form of precipitation. Visibility will be reduced at times due to the sleet and mist.
