Saturday, 19 February 2022 PALMER STATION WEATHER FORECAST INFORMATION

THIS INFORMATION IS FOR OFFICIAL USE ONLY AND IS LIMITED TO ACTIVITIES SPONSORED OR RECOGNIZED BY THE UNITED STATES ANTARCTIC PROGRAM

REGIONAL WEATHER SUMMARY

High pressure keeps the skies cloudy and winds breezy from the southwest today. Low pressure wheeling into the southern Bellingshausen Sea will push multiple frontal waves into the peninsula over the next few days starting overnight. Expect reduced visibility in snow and fog after midnight through tomorrow with precipitation becoming mixed to rain by evening...

Today 19 February	Tonight	Tomorrow 20 February
