**PALMER STATION WEATHER FORECAST INFORMATION**

**THIS INFORMATION IS FOR OFFICIAL USE ONLY  
 AND IS LIMITED TO ACTIVITIES SPONSORED OR RECOGNIZED  
 BY THE UNITED STATES ANTARCTIC PROGRAM**

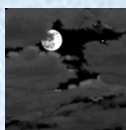

**REGIONAL WEATHER SUMMARY**

Today's weather features a contest between high pressure over the peninsula and a low to the west. Whenever the low edges in a bit the winds and clouds will begin to increase – but the high appears strong enough to push back, restoring lighter winds and less cloudy skies to the area. Result should be mostly fair weather, but occasionally not so much.

**Today**  
1 July

**Tonight**

**Tomorrow**  
2 July

**Sky:** Partly to Mostly Cloudy

**Visibility (SM):** 1-2 in patchy AM fog becoming unrestricted
