PALMER STATION WEATHER FORECAST INFORMATION

**THIS INFORMATION IS FOR OFFICIAL USE ONLY
AND IS LIMITED TO ACTIVITIES SPONSORED OR RECOGNIZED
BY THE UNITED STATES ANTARCTIC PROGRAM**

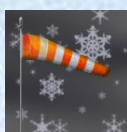

REGIONAL WEATHER SUMMARY

A series of low centers make their way southward into the peninsula over the next couple of days, each striking land a little farther north than the previous. As a result expect snow showers through the period – and increasing wind speeds. Winds near tropical storm intensity are likely tonight, and gusts at or near hurricane force during the day tomorrow with sustained winds of 50 knots.
