PALMER STATION WEATHER FORECAST INFORMATION

**THIS INFORMATION IS FOR OFFICIAL USE ONLY
AND IS LIMITED TO ACTIVITIES SPONSORED OR RECOGNIZED
BY THE UNITED STATES ANTARCTIC PROGRAM**

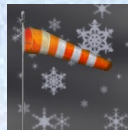

REGIONAL WEATHER SUMMARY

The established pattern continues: waves of low pressure in the form of troughs and low centers move from west to east across the peninsula, bringing wind and snow to Palmer Station. Something of a respite from that comes tomorrow as a ridge moves into the area, but there are more troughs and lows to follow.
