PALMER STATION WEATHER FORECAST INFORMATION

**THIS INFORMATION IS FOR OFFICIAL USE ONLY
AND IS LIMITED TO ACTIVITIES SPONSORED OR RECOGNIZED
BY THE UNITED STATES ANTARCTIC PROGRAM**

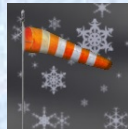

REGIONAL WEATHER SUMMARY

Extreme weather on the way: winds will increase to gale force today, then hurricane force tonight, with gusts of 80 knots expected, all accompanied by wind-driven snow. The cause is a powerful low pressure center barreling in from the South Pacific, with landfall currently expected on or just south of Anvers Island at around 6 AM local Saturday morning. Preparations for such an event should be completed today.

Today
10 June

Tonight

Tomorrow
11 June
