PALMER STATION WEATHER FORECAST INFORMATION

**THIS INFORMATION IS FOR OFFICIAL USE ONLY
AND IS LIMITED TO ACTIVITIES SPONSORED OR RECOGNIZED
BY THE UNITED STATES ANTARCTIC PROGRAM**

REGIONAL WEATHER SUMMARY

A period of reasonable weather draws to a wet and windy close this weekend, with both snow and wind intensifying overnight tonight and into the early morning hours tomorrow. Initial adverse effects result from a low making landfall near the base of the peninsula this evening, but another will approach the coast along a more northern track Sunday; expect the worst weather from that system just after this forecast period.

Today
19 March

Tonight

Tomorrow
20 March
