PALMER STATION WEATHER FORECAST INFORMATION

**THIS INFORMATION IS FOR OFFICIAL USE ONLY
AND IS LIMITED TO ACTIVITIES SPONSORED OR RECOGNIZED
BY THE UNITED STATES ANTARCTIC PROGRAM**

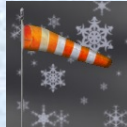

REGIONAL WEATHER SUMMARY

One more strong kick from the deep low to the west today, then a gradual decrease in intensity of winds and precipitation, though neither will dissipate completely during this forecast period. (But early indications are favorable for a fairly decent Sunday, weather-wise, as the low continues to weaken in place.)

Today
25 March

Tonight

Tomorrow
26 March
