PALMER STATION WEATHER FORECAST INFORMATION

**THIS INFORMATION IS FOR OFFICIAL USE ONLY
AND IS LIMITED TO ACTIVITIES SPONSORED OR RECOGNIZED
BY THE UNITED STATES ANTARCTIC PROGRAM**

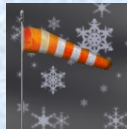

REGIONAL WEATHER SUMMARY

A slight break today – if mere storm-force winds can be considered a break – as a major trough departs the area. Expect winds to decrease through the night hours, too. Sunday should begin with reasonably fair weather, but a low tracking across the Drake Passage from the north will reach the Anvers Island vicinity before Monday morning – with winds and precipitation increasing in advance of it Sunday evening-night.

Today
26 March

Tonight

Tomorrow
27 March
