PALMER STATION WEATHER FORECAST INFORMATION

**THIS INFORMATION IS FOR OFFICIAL USE ONLY
AND IS LIMITED TO ACTIVITIES SPONSORED OR RECOGNIZED
BY THE UNITED STATES ANTARCTIC PROGRAM**

REGIONAL WEATHER SUMMARY

A ridge of high pressure – and associated fair weather - is in place to start the day, but a trough approaching this evening will end this “best weather” period by slapping the coast with a bit of snow tonight. Not much wind associated with this one, so it appears it won’t be delivering much of a punch in that regard at all.

Today
29 March

Tonight

Tomorrow
30 March

Sky: Partly Cloudy becoming
Mostly Cloudy

Visibility (SM): Unrestricted,
snow late afternoon/evening
