**PALMER STATION WEATHER FORECAST INFORMATION**

**THIS INFORMATION IS FOR OFFICIAL USE ONLY  
AND IS LIMITED TO ACTIVITIES SPONSORED OR RECOGNIZED  
BY THE UNITED STATES ANTARCTIC PROGRAM**

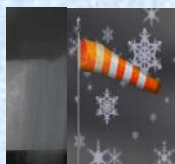

**REGIONAL WEATHER SUMMARY**

A broad, intensifying low pressure system will move from the Southern Ocean this morning into the Bellingshausen Sea this evening. Strong northerly flow ahead of this system will bring a relatively mild, moist airmass to Palmer. Small, difficult-to-time disturbances rotating around this low will occasionally enhance winds and precipitation, with a lull in wind and precipitation expected later this morning through about mid afternoon.

**Today**  
15 November

**Tonight**

**Tomorrow**  
16 November

**Sky:** Cloudy
