PALMER STATION WEATHER FORECAST INFORMATION

**THIS INFORMATION IS FOR OFFICIAL USE ONLY
AND IS LIMITED TO ACTIVITIES SPONSORED OR RECOGNIZED
BY THE UNITED STATES ANTARCTIC PROGRAM**

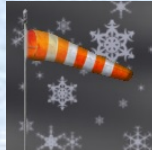

REGIONAL WEATHER SUMMARY

The parade of low pressure waves continue for the next few days as fast moving westerly flow centers on the Palmer area. Expect calming conditions and breaking skies through midday with clouds, snow and wind returning by evening. Improved conditions again tomorrow afternoon through early evening with high winds, clouds and precipitation returning overnight from broad, deep low pressure in the Bellingshausen Sea.
