BY THE UNITED STATES ANTARCTIC PROGRAM**

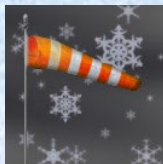

REGIONAL WEATHER SUMMARY

Strong winds and periods of heavy precipitation continue to pound Anvers Island as the trough of low pressure remains overhead. Another minor break is in store later tonight and into tomorrow as the winds back off and once again shift to the southwest. Today's warm temperatures will allow for some sleet at times, but will once again cool into tomorrow.

Today
14 August

Tonight

Tomorrow
15 August
