

**Thursday, 7 December 2023**  
**PALMER STATION WEATHER FORECAST INFORMATION**

**THIS INFORMATION IS FOR OFFICIAL USE ONLY  
 AND IS LIMITED TO ACTIVITIES SPONSORED OR RECOGNIZED  
 BY THE UNITED STATES ANTARCTIC PROGRAM**

**REGIONAL WEATHER SUMMARY**

Higher pressure continues to move over the peninsula. Expect gusty winds as a low moves towards the Bellingshausen Sea. Winds will begin to taper in the afternoon. This low will push low-level moisture towards the peninsula from the late evening onwards. Expect significantly reduced visibility starting tomorrow in the early morning hours.
