PALMER STATION WEATHER FORECAST INFORMATION

**THIS INFORMATION IS FOR OFFICIAL USE ONLY
AND IS LIMITED TO ACTIVITIES SPONSORED OR RECOGNIZED
BY THE UNITED STATES ANTARCTIC PROGRAM**

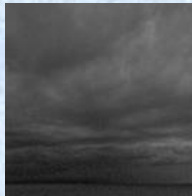

REGIONAL WEATHER SUMMARY

Low pressure and a weakening frontal boundary will move into the Bellingshausen Sea and clouds will continue to move in over Palmer Station. Winds will remain light, but a shift to a northerly direction will cause temperatures to increase slightly. There will be a period late in the evening into Sunday morning with light precipitation.
