PALMER STATION WEATHER FORECAST INFORMATION

**THIS INFORMATION IS FOR OFFICIAL USE ONLY
AND IS LIMITED TO ACTIVITIES SPONSORED OR RECOGNIZED
BY THE UNITED STATES ANTARCTIC PROGRAM**

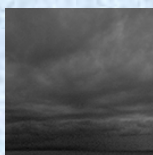

REGIONAL WEATHER SUMMARY

Another series of low pressure systems are moving across the Antarctic Peninsula. The first low will bring moderate winds to the area as it weakens and drifts over Anvers Island. Tomorrow, the next low makes its approach, with winds increasing through the day. Snow and sleet are possible today, but more certain for tomorrow. Temperatures will become noticeably cooler tomorrow, as will wind chills.
