Wednesday, 4 January, 2024 PALMER STATION WEATHER FORECAST INFORMATION

THIS INFORMATION IS FOR OFFICIAL USE ONLY
AND IS LIMITED TO ACTIVITIES SPONSORED OR RECOGNIZED
BY THE UNITED STATES ANTARCTIC PROGRAM

REGIONAL WEATHER SUMMARY

Low pressure will continue to deteriorate as it tracks across the Antarctic Peninsula. Palmer Station will be under an area between low pressure systems with clouds with precipitation continuing to move in. Late on Thursday, another frontal system will move in from the Bellingshausen Sea and bring more precipitation into the area.
