**PALMER STATION WEATHER FORECAST INFORMATION**

**THIS INFORMATION IS FOR OFFICIAL USE ONLY  
AND IS LIMITED TO ACTIVITIES SPONSORED OR RECOGNIZED  
BY THE UNITED STATES ANTARCTIC PROGRAM**

**REGIONAL WEATHER SUMMARY**

Low pressure systems will continue to track across the Antarctic Peninsula. Winds will increase on Sunday morning, along with heavy snow as the first low moves in. Winds and snowfall will decrease slowly throughout the day. Monday will start with light winds and mostly clear skies, but late in the evening, a second low will move in and bring high winds and heavy snowfall again.
