PALMER STATION WEATHER FORECAST INFORMATION

**THIS INFORMATION IS FOR OFFICIAL USE ONLY
AND IS LIMITED TO ACTIVITIES SPONSORED OR RECOGNIZED
BY THE UNITED STATES ANTARCTIC PROGRAM**

An incoming low pressure system will bring high winds towards Anvers Island as strong winds approach the Antarctic Peninsula. Passing through the Peninsula will significantly weaken the pressure gradient force; the winds at Palmer will drop off after midnight. Lingering cloud cover will sprinkle some snow over station, starting lightly in the afternoon.
